

THE TUESDAY

January 20, 2009

Dear Mountain Oak School Community,

Mountain Oak is excited to offer an opportunity for parents to learn more about the education their child is getting. Edmund Knighton, who is an expert in Movement Education, will be on campus February 2, 3, and 4. He will be working with the staff, observing and demonstrating in their class's circle or movement work. Please mark your calendar today so that you may attend an evening presentation on **February 3 at 6:30pm**. This is your chance to learn more about why we move the students. Edmund will be talking about how movement relates to the development of thinking. He has offered to speak with parents individually in relation to child development. If you would like to consult with Edmund please contact me. Edmund comes to us from Washington with many years of expertise. It is an honor to have him visit.

Sincerely,

Cindy Roe
